Neil smiled. It was perfect. The new song he'd just written was sure to be the next big hit record for Neil and Paul. *Neil and Paul.* Just the sound of it rang in his head. Who could have thought that two brothers, twin brothers at that, could have vaulted to the top of the music business in such a short time. But it was true. They had. The two-man group, Neil and Paul, was the number one group in the country.

Neil still smiled to himself as he ran through the song again on the guitar. He was proud of the song. His twin brother Paul did most of the composing for them. Neil was sure this song would not only establish him writing talent but also gain him the respect of his twin brother.

Neil paused long enough in his playing of the new number to think about his brother. They were born and christened Neil Phillip and Nelson Paul. Almost immediately his brother took to calling himself by his middle name while Neil chose to be called by his first name. Even though they were twins, they were far from identical. It was true they both had the same coloring and did resemble each other but that was no more than just regular brothers might have done. Even when they were growing up they were always different. Even then Neil, the younger by a matter of minutes, always tried to get his twin to accept him. Paul was the wilder of the two and usually only scorned his twin brother.

That all came to a halt when they first played for their school dance. They had been just fooling around with guitars up until then. After that the two boys really started to get into music seriously. As fate would have it, they started playing at the local teen hangout and they were there playing that

night when a big TV show was broadcast from the place. It ran under time and the producer, having heard them during the early part of the untelevised warmup, pulled them in front of the camera and they were on their way to stardom. A record executive just happened to catch the show, signed them to a contract and with their very first single they had a hit. True, it didn't make number one but the second did and that was followed by a smash hit album. In less than a year they were the hottest thing in rock and roll.

That was also about the time Neil discovered his twin brother with one of the groupies that constantly followed them around. That was pretty common for groups, especially ones on their way to the top. Except, the groupie Neil discovered Paul with was a young *boy!* Neil couldn't help himself. His cock jumped up in his pants in a full, throbbing hard-on. He gripped it through his pants as he watched his twin brother ram every inch of his huge prick down the young guy's throat. Afterwards, Neil went back to his hotel room and jacked off time after time thinking about what he'd seen his brother doing.

That was just the start. On many occasions Neil would come into the room to find the lights out and his twin slamming his huge dick deep into some kid's asshole. Paul always tried to hide what he was doing and who he was doing it with. At least at first he did. Soon, however, he made no attempts to hide it at all. He got so he'd even leave the light on so his twin could stay and watch his hot sex scenes with some young guy. A few times he'd even tried to get Neil to join in with he and the kid but Neil would never do it.

Neil strummed the guitar again. The thoughts of his brother having

brother. He looked down at him and growled out that he knew exactly what Neil needed. With that he leaned over and gave Neil a quick, hard, deep, long kiss! Neil was so startled that all he could do was just let his brother kiss him. As soon as he recovered his lost senses, Neil was so turned on that he was helpless to do anything more than kiss Paul back! And he kissed Paul just as long, deep and hard as Paul was kissing him!!

hot sex with some young kid and given Neil a big stiffer in his pants. He gave it a quick, hard squeeze. Just as he did he heard a laugh coming from over his right shoulder. He looked up. There was Paul. Neil quickly pulled the guitar back in his lap and tried to hide what he'd been doing to his own hard prick.

Paul just stood and watched his twin brother for a long time. Finally Paul walked over to his

Paul almost ripped his pants open and thrust his huge, dripping cock in his twin brother's face. At first Neil tried to avoid taking the huge piece of fuck meat in his mouth but his brother was much too insistent. Paul finally managed to get the head of his big cock between Neil's untrained lips. The heat coming from that throbbing rod soon set Neil on fire and he tried the best he could to take

that big dick all the way down his throat.

Paul let out a small gasp of pain. Neil had, in his untrained way, scraped his teeth over Paul's tender dick. Paul took it out of Neil's mouth. He grinned at his brother and told Neil that he'd need a couple of lessons before he'd be able to really get down to some serious cocksucking. With that Paul dropped to his knees and took Neil's cock in his mouth!

Neil gave a small grunt as his throbbing prick slid between his twin's lips. He thrust his hips forward and rammed his prick all the way home in that sucking face. Paul went after it like he was starved for cock! Neil was so excited he was trembling. What his brother was doing to him turned him on like nothing else ever had before. He just had to try to give Paul some of the same kind of hot action Paul was giving him! Neil sure understood why Paul got it on with all those male groupies every chance he got! This was the best feeling Neil ever had!!

Neil slipped to the floor and pulled Paul to him while Paul still sucked that hard, thick, hot cock that was rammed in his throat.

Neil grabbed Paul's prick and shoved it in his mouth. He went wild, this time watching the teeth and just giving his hunky brother a lot of hot mouth, tongue and lips at the same time Paul sucked him. Paul was going crazy, ramming his hard dick as far in his brother's throat as he could shove while he still sucked Neil's hard cock!

Paul could feel the spark start to explode in his churning nuts. He just managed to catch himself in time before spurting out his huge, hot cum load deep in Neil's sucking throat. Paul didn't want that, not yet. He'd got more than just a quick look at Neil's tight butt and he burned with the urge to shove his huge prick deep in that tight, virgin asshole. He never thought Neil was interested in guys until now but since Neil had shown more than just a slight interest in his brother, Paul decided to go the whole way and shove his

big dong in any hole where his handsome brother would be willing to try taking it!

Paul shoved his finger in Neil's twitching asshole while he still sucked the hot, trembling kid. Neil shook with hot lust as the finger touched his puckered butt. He let out a gasp as Paul shoved that probing finger deeper inside his ass. Finally, Neil let out a loud, hot groan as Paul pushed that finger all the way in his butt, right up to the last knuckle!

That was all Paul wanted to hear. As fast as he could, he climbed over his twin, slicked up his own prick with spit and shoved it in Neil's upturned asshole!!

At first Paul let out a loud, pain-filled scream. But, Paul wasn't going to be put off! His aching dick was in that tight asshole and he wasn't about to stop.

The fire throbbing out of Paul's hard, hot cock soon set Neil on fire with its lust. That fire of lust

spread quickly through Neil, starting in his asshole then throughout his whole body. The fire finally came to bursting flame in the kid's hard prick and aching nuts. Paul gave a long, hard lunge shoving that invading cock all the way into the hilt. That was all Neil could stand. His cock and nuts exploded! He shot huge spurts of cum out all over the floor, all over himself and all over his still rapidly fucking brother!!

Paul saw the gush of hot cum. He rammed hard and fast. His own prick exploded in Neil's bucking butt!

They lay on the floor for a time, panting. Finally Paul pulled his twin, Neil, to him and kissed him. He smiled as he told Neil that he'd missed a lot of things while they were out on the road but from then on there was nothing to worry about since he was sure that with anyone who learned as fast as Neil, he wouldn't miss a trick!!

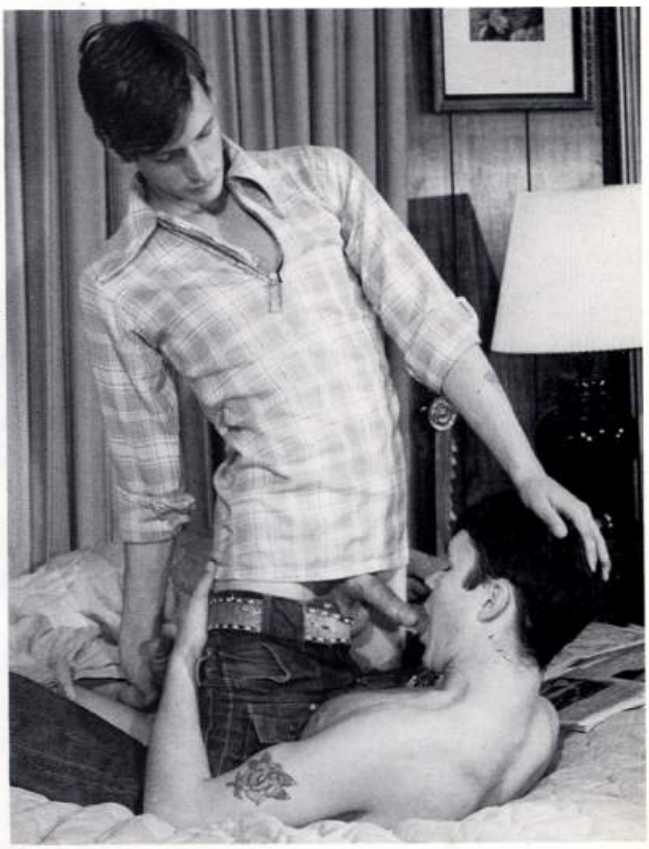
Jerry sighed and flipped through the book he was reading. He just couldn't get his mind off sex! He knew he shouldn't feel that way but just knowing he shouldn't did him no good at all. He still couldn't think about anything but sex!

Jerry sighed and pressed his hips even further into the bed. That only made it worse as his prick started to vibrate from just the pressure of the cover and mattress. He let out a sigh as he felt a drop of juice ooze out of the tip of his cock.

He didn't understand why he was so turned on. Earlier that day he'd jacked off while he was in the bathtub and shot his load three times! Even at that, he'd been able to get his nuts blasted another time while he was still in the tub by that kid, Richard, who lived next door to Jerry and his folks.

Continued on Page 30



Jerry had never thought too much about Richard sexually. He knew that in itself was strange, since the very first thing he usually noticed about another guy was the bulge in his crotch. But, with Richard it had seemed so different. It wasn't that Richard wasn't attractive. He was. It was just that he seemed so unattainable to Jerry. The only thing he ever seemed interested in at school were girls. Besides, Richard was two grades ahead of Jerry in high school. Jerry did have to admit it was a little strange that he and Richard hadn't really become more friendly, since Richard's family had moved in next door a little over a year ago but they just didn't seem to have anything in common.

That was why it was such a shock when Richard had just appeared at the door of the bathroom, catching Jerry jacking-off. At first Richard was embarrassed, saying the door was open and his mom sent him to borrow some sugar. It didn't take either of them long to get into a quick, hot sex scene that finally left both of them drained and exhausted.

Jerry couldn't help remembering that morning. His cock throbbed again in his tight Levi's. He pressed it against the bed again. He was sure that he'd soon have to pull it out of those tight pants and give it a fast, hot hand workout to pull still another load of cum out of his churning nuts.

The voice startled Jerry and he almost dropped the book he was still trying to concentrate on. "Hi . . . I waited until I saw your folks leave. I had to come over'n tell you that . . . well . . . about this morning . . . I've never done anything like that with a guy before . . . you understand . . . and . . . well . . . I don't think we'd better . . . uhhh . . . try it again . . . if you know . . . uhhh . . . what I

mean . . . you do understand . . . it's not like I don't like you or anything like that . . . it's just that. . . ."

Even as Richard spoke he was rubbing Jerry's nude back. At the words, ". . . It's not like I don't like you . . ." the light touch on the back became more intense. Richard's voice sounded choked with a hot emotion he was trying to hide.

Jerry smiled to himself. This was just what he needed. He pressed himself over closer to Richard and muttered out for Richard to give him a quick rub-down. Jerry ignored what Richard was saying and knew better than to talk about what the two of them had done earlier in the day.

Richard trembled as he worked his hands down Jerry's body. He was caught by Jerry's voice urging him to pull his, Jerry's, pants

down so Richard could continue his rubbing over Jerry's bare ass. Shaking, Richard did as he was told. As soon as Jerry felt that hot hand on his exposed ass, he sprang into action. He swung around on the bed and pulled Richard to him, giving his startled neighbor a deep, hot kiss.

With hardly a pause, Jerry fell back onto the bed, unzipped Richard's pants and went to work on the kid's huge, stiff, thick, quivering cock which sprang out of his tight pants. At the first touch of those warm, hot lips and that sucking throat, Richard forgot all the things he'd said earlier. He grunted and rammed his aching prick as far in Jerry's mouth as he could shove it. He started gasping and begging Jerry to suck his huge, steel-stiff prick, demanding that Jerry take that hard cock as deep in his wet, clinging suck channel as he could and get a big load of cum out of those churning nuts! Jerry was more than happy to do just that!!

They lay there for a long moment. Finally, Richard cleared his throat. Jerry braced himself for what was coming next. But, much to his surprise, instead of another "We-can't-do-this-anymore," Richard breathed a husky question in Jerry's ear, asking him when his parents would be back. Once assured that they'd be out until late

that night, much to Jerry's astonishment, Richard suggested that they strip all the way and do it again! He added with lust-filled tones that he could shoot at least three or four more times!!

The two naked guys fell across the bed. Jerry's prick brushed across Richard's face. Jerry remembered how hot Richard had been earlier in the day. He'd even taken Jerry's stiff cock in his throat. Jerry wanted that again

but wasn't too sure that Richard was horny enough. He decided to give it a try anyway. He grabbed Richard by the back of the head and forced his cock deep into Richard's mouth. At the same time, Jerry sucked Richard's again hard and ready prick deep into his own throat.

Jerry went wild on Richard's huge, stiff prick, sucking it greedily in his hot, clinging throat. Richard gave himself over totally to hot lust and went after Jerry's stiff prick with the same kind of hot passion that Jerry had while going after his. Both boys were soon close to shattering climaxes. Richard's breath was coming out in deep, ragged gasps. Jerry was sure he had the guy just where he wanted him!

Jerry wet one finger and slid into the twitching asshole just over his face. He was careful to ease off on his fast sucking so that Richard wouldn't blow his hot load when that probing finger hit Richard's quivering little jizz button deep in that bucking butt.

Richard let out a harsh gasp as the finger quickly rammed itself into his tight asshole. It almost tore him up. He had to use all his control to keep from spurting his load right then and there. He didn't want to shoot his wad yet. *This* was what he wanted. Jerry had plowed his ass earlier and more than anything he wanted that hot feeling of a huge cock being rammed deep in his asshole again! He knew, deep down inside, all his protests to the contrary, that was why he'd really come over when he saw Jerry's parents leave the house.

Richard couldn't stand it any longer. He screamed out to Jerry, pleading with him to climb his ass

and fuck the shit out of him, begging him, telling him that he needed it, that he had to have it!! To underline his need, Richard plunged his mouth back over Jerry's throbbing prick, slicking it down with spit. He pulled off again and told Jerry that he'd do anything for him, anything, he added, including sucking Jerry's nuts, eating his dick whenever Jerry wanted, drinking his hot, slick cum, even cleaning out his tight asshole, if only Jerry would climb on him and really ram that huge, stiff prick all the way deep in his steaming guts!!

Jerry flipped Richard's legs up, climbed on and rammed his cock home in that tight fuck tube. Richard screamed in flashing pain but Jerry, knowing what the hot kid wanted, just kept pounding away at that tight asshole!

Richard let out another scream as his nuts exploded. He shot all over the bed and both of them.

Continued on Page 44

Jerry was right behind him, filling that bucking butt with his hot, slick man juice. He grunted out to Richard, telling him to feel every hot gush as it spurted deep in his aching, well-fucked guts!

They lay on the bed, clinging to each other and panting at the just-spilled lust. Jerry spoke first. He turned to Richard with a slight, wicked smile and asked his neighbor if he was *sure* about them not trying it again. All Richard could do was duck his head and blush.

Finally, Richard found his voice. He cleared his throat and, in a slow and halting manner, confessed that, perhaps, they should,

maybe, try it once or twice more, just to make sure it either *was* or *wasn't* what they both liked and wanted.

Jerry laughed and pulled Richard to him, asking him when he wanted to try it again. Richard's cock sprang back into a full, stiff erection. He grunted out to Jerry to do it to him *right then!* Pleading with him to flip him on his face and fuck the shit out of him again and again! He grunted as Jerry's huge prick ripped into his ready asshole. Richard screamed out to Jerry to fuck him and keep fucking him. With a groan of lust, he begged Jerry to never stop!!
